### “The Great Fishing for Garbage” on the Lower Elbow

September 20, 2008, 10:00am  
rain or shine

We missed the deadline to register for the “TD  
Great Canadian Shoreline Clean-up” - who knew  
there would be a registration deadline for picking  
up garbage! So RVC has teamed with Trout  
Unlimited and members from the **Calgary Field  
Naturalist Society (CFNS)** to hit the Lower Elbow.

The City of Calgary is generously supplying gloves, garbage bags and maps.

#### **Meeting Places for Safety Orientation at 10:00am:**

- 1) base of the Glenmore Dam - Site Leader, Andrew Stiles of CFNS
- 2) south entrance of the Talisman Centre - Site Leader, Robin McLeod of RVC

**Target:** the shoreline, river bank and river pathways along the lower Elbow

**What to bring:** sturdy walking shoes or rubber boots, gloves and net for scooping if you have them and cell phone. Dress appropriately for the weather!

There will be some canoes, kayaks and rafts to assist picking up garbage in-river. Life jackets, whistle, bailing can and rope will be required for water vessels.

**Registration:** If you would like to participate please RSVP, Robin McLeod at [rmcleod@parksfdn.com](mailto:rmcleod@parksfdn.com) or 403.974.1070. However, **drop-ins are welcome** if you are at a loss for something to do on Saturday morning.

**Hot off the Press:** “The Grounds for Citizen Engagement and Roles for Planners” by our very own, **Mac Hickley!** Excellent bedtime reading, I have heard. The more books you order the wealthier he becomes.
